A MESSAGE FROM THE VICE-CHANCELLOR

PROFESSOR F C RAGEL
VICE-CHANCELLOR

It is with great pleasure that I present the Annual Report of Eastern University, Sri Lanka (EUSL) for the year 2020. The University comprises with six faculties, a Campus at Trincomalee and an Institute for aesthetic studies (SVIAS). EUSL is continuously striving to provide excellent conducive learning environment for students, and has been adopting a policy of providing residential facilities for all undergraduate students.

The university has transformed many teaching activities through online platform during the year of 2020 due to COVID pandemic, and has strived to ensure a conducive environment that contributed towards learning, research, dissemination of knowledge and community outreach. Notable significance is that research articles with EUSL affiliation received the Presidential Awards. Moreover, it is noteworthy that seventy five research articles with EUSL

affiliation have been published in the year 2020 in journals indexed by Web of Science (Clarivate Analytics).

In addition to the academic activities, the students had limited engagement in co - and extra-curricular activities such as sports, aesthetic, cultural and religious activities. EUSL has a rich blend of multi-ethnic, multi-religious student community which provides a unique opportunity to experiment cultivation of harmony.

I take this opportunity to express my gratitude to the Council, the Senate, the academic community, and the administrative and nonacademic staff of EUSL for making the year 2020 productive.

Professor F. C. Ragel
Vice Chancellor
Eastern University, Sri Lanka

ABOUT US

In 2020 the Eastern University, Sri Lanka continued to deliver its academic activities through its eight faculties and 37 departments of study.

The Eastern University, Sri Lanka (EUSL), was established on the 01st of October 1986 by a University Order dated 26th September 1986 issued under Section 2 of the Universities Act No: 16 of 1978. The University was preceded by the Batticaloa University College established on 01st August 1981 which was started in the buildings of the Vantharumoolai Madya Maha Vidyalayam. The Batticaloa University College began with two faculties: The Faculty of Science and the Faculty of Agriculture and both these faculties were affiliated to the University of Peradeniya. Two new faculties viz. the Faculty of Commerce and Management and the Faculty of Cultural Studies were established in 1988. The Faculty of Cultural Studies was then expanded and renamed the Faculty of Arts and Culture in 1991. The Faculty of Health-Care Sciences was established by Gazette notification on 23rd November, 2004. The Faculty of Technology is the youngest faculty in EUSL which was established by Gazette notification on 18th January, 2018.

Trincomalee Campus of the Eastern University was originally established as Trincomalee Affiliated University College in April 1993 at Trincomalee subsequently it was affiliated to the Eastern University, Sri Lanka. When the University College system was abolished, Trincomalee Affiliated University College was upgraded as Trincomalee Campus of the Eastern University, Sri Lanka which was established with effect from 15th June 2001 by Gazette notification dated 6th June 2001 with the two Faculties, namely Faculty of Communication and Business Studies and Faculty of Applied Science. Subsequently a unit of Siddha Medicine was also established.

Swamy Vipulananda Institute of Aesthetic Studies (SVIAS) was affiliated to Eastern University, Sri Lanka with effect from the 14th of March 2005 through the gazette of the Democratic Socialist Republic of Sri Lanka – Extra ordinary dated Jun 3rd 2005. Before affiliation it was called Swamy Vipulananda College of Music and Dance, established on 29th May 1982 by the Ministry of Regional Affairs and Hindu Culture and then under the Ministry of Cultural Affairs.

Eastern University, Sri Lanka has a strong focus on producing competent graduates to serve socio-economic and cultural needs of the country. It is also striving to enhance its research capacities with specific emplanes in promoting multidisciplinary research to serve the needs of the region and country. It also realizes its role to provide peace and harmony to the region.

- Certificate in Counseling
- Certificate in English for Communication

Each course is conducted for three months in 60 hours of duration by the eminent academics.

NEW FACULTY AND STUDY PROGRAMS

Eastern University, Sri Lanka is working on introducing new degree programs on disciplines of current interest.

- In keeping with the policy of producing skilled graduates for the workforce, the 'Faculty of Technology' is working on developing degree programmes on **Bachelor of Information and Communication Technology** and **Bachelor of Engineering Technology (Energy and Environment)**.
- The Faculty of Arts & Culture has developed a study programme **Bachelor of Hindu Civilization** through a proposed new Faculty of Hindu Civilization. The faculty is also introducing a **B.A. Hons. degree programme in Translation Studies**.
- Trincomalee Campus is in the process of developing degree programmes in **Marine Sciences/ Marine Engineering** by a proposal to establish a new faculty. The Faculty of Communication and Business Studies, Trincomalee Campus is developing a degree programme on **Tourism and Hospitality**.

FAILURE AND JUSTIFICATION

- There has been a lack of focus on an institutionalized effort on Internal Quality Assurance and orienting the curriculum development / revisions incorporating modern trends such as Outcome Based Education and Student-Centered learning (SCL) as it was not in the old Corporate Plan / Action Plan. Student-Centered learning (SCL) as it was not in the old Corporate Plan / Action Plan. Now as per the UGC circular 09/2019 dated 7th Oct 2019, the University has strengthened the University's Centre for Quality Assurance (CQA) and appointed a new Director.

A comprehensive guidelines for Examination Paper Moderations and Marking have been approved at the 322nd Senate meeting held on 20th Jan 2021 with a Template to Report (<http://esn.ac.lk/cqa/download>).

A comprehensive "Scheme of Award for Excellence in Teaching" has been approved at 307th Council as recommended by the 316th meeting of the Senate held on 22nd July 2020. The Award is based on the following evaluations. Student feedback-25%, feedback from Alumni/immediate passed out-15%, Teacher portfolio-25%, Peer evaluation-20%, and Evaluation by Head-15%.

- There has not been an integrated plan for research development concentrating on local needs and high impact research of international significant. Now a comprehensive research policy document for the university has been approved by the Council at its 312th meeting held on 30th Jan 2021 for implementation. A Research Council has been formed with eminent researchers and an innovative output-based research funding mechanism introduced.
- University has faced more student unrests due to various issues and measures are being taken to build stakeholder confidence on the institutional governance.
- Limitation of staff resource and physical facilities are ongoing struggles, which resulted in delay of calendar and our requests for the required resources have been communicated to higher authorities. Large proportion of consolidated funds have been spent in the year 2020 to enhance learning environment that directly benefits the learners.

ELTA-ELSE Faculty Development Grants won by Faculty of Science and Faculty of Agriculture (Rs. 100 Mn each), and ELTA-ELSE Department Development Grants won by three departments, namely Department of Animal Science, Department of Commerce and Department of Language & Communications Studies (15 Mn each) will enhance Learner Centered Teaching (LCT), and enable to implement Outcome Based Education (OBE) and blend socio-emotional skills into the curriculum, and also enhance English Language as a second language to achieve UTEL benchmarks. The above stated AHEAD project activities are directly related to strategies 1.1.2, 1.2.1, 1.2.2, 1.4.2, 1.4.3 and 1.4.4. Consolidated funds will be utilized for entities do not benefit from the AHEAD programme.

The Goal-2 of the Strategic Plan shows that research is promoted in two fronts: (1) for socio-

economic development of the region and nation; and (2) for generation of new knowledge of global significance/impact.

Under the 1st research strategy, we have started a coordinated effort with key external public and private organizations, to address community and environmental issues in the region through Honours degree research projects and disseminate the findings through Annual Research Sessions conducted by individual faculty by inviting key stakeholders. A separate window of funding has been introduced through University Research Grant to take exceptional work to the next stage. To promote the 2nd research strategy, Output Based Research Award scheme has been introduced for Publications in Journals indexed by Web of Science and Scopus. Each award is based on impact factor and the number of affiliations with a ceiling of Rs. 250,000 per academic for a publication and the accumulated funds for each researcher can be used for Research related activities (e.g. overseas visits for research and conferences, journal processing

fee, payment for research assistants, etc.). More funds are reserved to develop a vibrant research culture, and two Development Oriented Research (DOR) grants (Rs. 40 Mn each) under AHEAD project will add value for this goal. Encouraging and facilitating overseas collaborations (e.g. inviting visiting scholars) to study local issues is a future strategy to enhance quality research output, particularly in the field of social sciences and humanities.

The University is in the process of establishing a Consciousness Based Education Unit (<http://esn.ac.lk/cbe/>) integrating ancient wisdom (meditation/yoga) with insights in modern science (quantum physics, unified field and neuroscience) to stimulate a realization of fundamentals how nature behaves connecting to values of spirituality, thereby stimulate a self-realized transformation, that would possibly be solutions for drug addiction, ragging, stress, self-centeredness, desperateness, etc.

The financial period of the University represents twelve months period from 1st January 2020 to 31st December 2020.

2. Summary of Significant accounting policies**2.1. General accounting policies**

The Financial statements of the University have been prepared in accordance with Sri Lanka Public Sector Accounting Standards (SLPSAS) promulgated by the Institute of Chartered Accountants of Sri Lanka.

Whereas there is no standard stipulated in the SLPSAS, The Sri Lanka Accounting Standards (LKAS/SLFRSs) and International Public Sector Accounting Standards (IPSASs) had been followed. The Financial Statements for the year ended 31st December 2020 are presented in the formats that were introduced by the Department of Public Enterprises by Circular No: PED/19 of 19th December 2003 and adopted by the University Grants Commission by the Finance Circular No: 2/2004 of 23rd January 2004 with suitable modifications where necessary.

The principal accounting policies applied in the preparation of the financial statements are set out below. These policies have been consistently applied to all periods presented in the financial statements unless otherwise stated.

2.2. Basis of preparation of Financial Statements Statements of Compliance

These financial statements comprise the Statements of Financial Position, Statement of Financial Performance, Statement of Changes of Equity and Net Assets, Statement of Cash flows and Notes to the Financial Statements. These financial statements have been prepared in accordance with the Sri Lanka Public Sector Accounting Standards (SLPSAS).

2.2.1. Basis of Measurement

The financial statements have been prepared on historical cost basis.

2.2.2. Comparative Information

Comparative information including quantitative, narrative and descriptive information is disclosed in respect of the previous period for all amounts reported in the financial statements in order to enhance the understanding of the financial statements of the current period and to improve comparability.

Where necessary, comparative figures have been re-arranged to conform to the current year's presentation.

2.2.3. Functional and presentation currency

The financial statements are presented in Sri Lankan Rupees (Rs), functional and presentation currency of the University, which is the primary economic environment in which the University operates.

All financial information presented in Sri Lankan Rupees has been rounded to the nearest rupee, unless stated otherwise.

2.2.4. Translation of foreign currency transaction

Transactions in currencies other than Sri Lanka Rupees are converted into Sri Lanka Rupees at rates which approximate the actual rates at the transaction date. At the reporting date, monetary assets (including securities) and liabilities denominated in foreign currency are converted into Sri Lanka Rupees at the rate of exchange at that date. Non-monetary assets and liabilities in foreign currencies that are stated at historical cost are translated at the foreign exchange rate at the date of the transaction. Realized and unrealized exchange differences are reported in the statement of financial performance.

2.2.5. Materiality and Aggregation

Each material class of similar items is presented separately in the financial statements. Items of a dissimilar nature or function or are presented separately unless they are immaterial.

2.3. Assets and the bases of their valuation**2.3.1. Property, plant and equipment (PPE)****a. Recognition and measurement**

All Property, plant and equipment are initially recorded at cost less accumulated depreciation and any impairment losses.

Significant components of an asset are identified and depreciated separately. When significant parts of property, plant and equipment are required to be replaced at intervals, the entity derecognizes the replaced part and recognizes the new part with its own associated useful life and depreciation.

All other repair and maintenance costs are recognized in the Statement of Financial Performance as incurred.

b. Cost

The cost of property, plant and equipment comprises its purchase price and any directly attributable cost of bringing the asset to working condition for its intended use.

Property, plant and equipment is stated at cost, excluding the costs of day-to-day servicing, less accumulated depreciation and accumulated impairment in value. Such cost includes the cost of replacing part of the property, plant and equipment when that cost is incurred, if the recognition criteria are met.

c. Additions

The cost of an item of Property, plant and equipment is recognized as an asset if it is probable that future economic benefits or service potential associated with the item will flow to the University and the cost of the item can be measured reliably. In most instances, an item of Property, plant and equipment is recognized at its cost. When an asset is donated, it is recognized at fair value as at the date of acquisition.

d. Disposals

Gains and losses on disposal are determined by comparing the proceeds with the carrying amount of the assets, and are included in the Statement of Financial Performance.

e. Subsequent costs

Costs incurred subsequent to initial acquisition are capitalized only when it is probable that future economic benefits or service potential associated with the item will flow to the University and the cost of the item can be measured reliably.

Expenditure incurred to replace a component of an item of property, plant and equipment that is accounted for separately, including major inspection and overhaul expenditure, is capitalized. Other subsequent expenditure is capitalized only if it is probable that the future economic benefits or service potential embodied within the part will flow to the University and its cost can be measured reliably.

f. Depreciation

Depreciation is provided on a straight –line basis on all property, plant and equipment other than land, at rate that will write off the cost of the asset over their useful lives.

Depreciation is provided at the following rates on their cost as per the UGC Circular No: 649 of 5th October 1995.

Buildings	5%
Office Furniture	10%
Plant and Machinery	10%
Office Equipment	20%
Books and Periodicals	20%
Vehicles	20%
Cloaks	20%
Telephone	20%

According to the Accounting Policies of the University, Depreciation of an asset begins when it is available for use. *i.e.*, when it is in the location and condition necessary for it to be capable of operating in the manner intended by management. Depreciation of an asset ceases when the asset is derecognized”.

g. De recognition

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de recognition of the asset calculated as the difference between the net disposal proceeds and the carrying amount and included in the Statement of Financial Performance in the year when the asset are derecognized.

2.3.2. Work in Progress

Capital work-in-progress is stated at cost, less any impairment losses. These are expenses of a capital nature directly incurred in the construction of property, plant and equipment awaiting capitalization. Capital work-in-progress would be transferred to the relevant asset category in property plant and equipment, when it is available for use. *i.e.* when it is in the location and condition necessary for it to be capable of operating in the manner intended by the university.

2.3.3. Intangible Assets

a. Recognition and measurement

An intangible asset is recognized if it is probable that future economic benefits associated with the assets will flow to the Institute and the cost of the asset can be reliably measured.

Intangible assets acquired separately are measured on initial recognition at cost. Following the initial recognition, where the cost model is applied, assets are carried at cost less any accumulated amortization and accumulated impairment losses.

b. Amortization

Amortization is provided on a straight-line basis on all intangible assets of finite life, at rates that will write off the cost or value of the assets over their useful lives.

Intangible assets are amortized on the following bases:

- Fixed Assets Register software is amortized over a period of five (05) years on straight line method.
- Computer software and other intangible assets are amortized over a period of five (05) years on the straight line method.

c. De recognition

Gains and losses arising from de recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Financial Performance when the assets are derecognized.

2.3.4. Inventories

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions, the cost of the inventory is its fair value at the date of acquisition.

After initial recognition, inventories are measured at cost based on the First in First out (FIFO) basis and the value of the stock held by the Academic/ Administrative departments has been excluded from the expenditure.

2.3.5. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash at bank, deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amount of cash and are subject to insignificant risk of changes in value.

Bank overdraft is included as a component of cash and cash equivalents for the purpose of the statement of cash flows, which has been prepared using the ‘indirect method’.

2.4. Liabilities and Provisions

2.4.1. Liabilities

Liabilities classified as current liabilities on the statement of financial position are those which fall due for payment on demand or within one year from the reporting date. Non-current liabilities are those balances that fall due for payment after one year from the reporting date. All known liabilities have been accounted for in preparing these financial statements.

2.4.2. Provisions

A provision is recognized in the statement of financial position when the University has a legal or constructive obligation as a result of a past event, it is probable that an outflow of assets will be required to settle the obligation and the obligation can be measured reliably. Provisions are not made for future

operating losses. For certain operational claims reported as provisions, it is not practical to disclose detailed information on their corresponding nature and uncertainties.

a. Employee benefits

i. Provision for Gratuity

Provision for Gratuity is made in terms of Payment of Gratuity Act No: 12 of 1983 for all eligible employees. The provision for grant is not represented by the investment since the Treasury does not provide financial allocation to make investment externally.

Defined benefit plans estimate the amount of benefit that an employee will receive on retirement, usually dependent on one or more factors such as age, years of service and compensation.

ii. Defined contribution plans

A defined contribution plan is a post-employment plan under which an entity pays fixed contribution into a separate entity and will have no legal or constructive obligation to pay a further amount.

Obligations for contributions to defined contribution plans are recognized as an expense in the Statement of Financial Performance as and when they are due.

- **University Provident Fund (UPF)**

University employees are required to contribute 10% of their monthly salary to the Universities Provident Fund, the University in turn contributes a sum equivalent to 08% to the Universities Pension Fund, 07% to the University Provident Fund (UPF).

- **Employees' Trust Fund (ETF)**

The University contributes 3% on the salary of each employee to the Employees' Trust Fund.

2.4.3. Contingent Liabilities

The university does not recognize a contingent liability, but disclosed details of any contingencies in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

2.4.4. Contingent Assets

The university does not recognize a contingent asset, but disclosed details of possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future event not wholly within the control of the university in the notes to the financial statements

2.5. Accounting for the receipt and utilization of funds, grants and reserves

2.5.1. Restricted Fund

Where grants/donations are received for use in an identified project or activity, such funds are held in a restricted fund accounts. Unutilized funds are held in their respective fund accounts and included under accumulated fund and reserves in the statement of financial position until such time as they are required. The University has accounted the following funds and grants as restricted funds.

SUSTAINABLE DEVELOPMENT PROGRAMMES IMPLEMENTED BY THE EASTERN UNIVERSITY SRI LANKA

Eastern University, Sri Lanka has implemented the following Sustainable Development activities on environment and disaster impact assessment analysis to safeguard the environment and mitigate any negative impact on environment:

1. Ensure access to affordable, reliable, sustainable and modern energy for all:
Solar Net metering system had been installed in the Senate Block (will cover the cost in six years). It Generates power since July 2018 (total generated units 212,000), which is 50% of the building's consumption and 10% of the total consumption.

Planning to install the Solar net system for Centre for Information and Communication Technology (CICT) and Students Hostel, covering more than 50% of the total consumption.

2. Introduction and Implementation of a waste management system:
The waste could be sorted as Plastic, Polythene, Organic waste, Paper, Glasses and E-waste and could be collected in separated containers. First, this will be introduced to the Hostels and then to the other offices.
3. Ensure the disposal of chemical and clinical wastes in an environmentally friendly manner:
Hazardous chemicals and clinical wastes are generated mainly by the Faculty of Science and the Faculty of Health-Care Sciences. Healthy environmental ways are being discussed to dispose of those wastes.
4. Explore the methods for Recycling Garbage at the University Premises:
The garbage could be recycled at the University premises as there is enough space. The Bio-waste could be incinerated / Sterilized and used as fertilizers for the farm. The other organic waste, such as papers, foods etc., could undergo anaerobic digestion, and the produced Biogas could use as an energy source.

The Faculty of Agriculture, Faculty Science and Technology, could monitor this with their expertise, and the cooperation and support will be anticipated from the Municipal Council, Batticaloa.

5. Implement the measurements to reduce e-waste generated at the University:
Annually a considerable amount of discarded e-waste has been recognized from the University. The measurements that could be implemented to reduce those waste are in discussion level.
6. Introduction of the Clean and Green concept for the University:
Measurements have been implemented to maintain and improve the cleanliness in the University surroundings and inside the Buildings, mainly in the Hostels. Also, it's been discussed to establish a system to maintain the greenness continuously in the University premises.
7. Installation of Fire Extinguishers in Hostels and other necessary places:
Presently, the fire extinguishers had been installed in the Senate Building, Library and Faculties. It was decided to install Fire extinguishers in Hostels to prevent the damages due to fire.
8. Ensure efficient consumption of energy by using LED lighting system:
LED is a high energy-efficient / energy-saving lighting Technology, and it lasts longer and is more durable. Around 90% of the lighting is LED now, and the entire University will be covered shortly.

The Vice-Chancellor,
Eastern University, Sri Lanka.

Report of the Auditor General on the Financial Statements of the Eastern University, Sri Lanka for the year ended 31 December 2020 in terms of Section 12 of the National Audit Act, No. 19 of 2018.

1. Financial Statements

1.1 Qualified Opinion

The audit of the financial statements of the Eastern University, Sri Lanka ('University') for the year ended 31 December 2020 comprising the statement of financial position as at 31 December 2020 and the statement of financial performance, statement of changes in net assets and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, was carried out under my direction in pursuance of provisions in Article 154 (1) of the Constitution of the Democratic Socialist Republic of Sri Lanka read in conjunction with Sub-section 107(5) and Section 108 of the Universities Act, No.16 of 1978 and provisions of the National Audit Act, No. 19 of 2018. My comments and observations which I consider should be published with the Annual Report of the University in terms of Section 108 (1) of the University Act, appear in this report. My report to Parliament in pursuance of provisions in Article 154 (6) of the Constitution will be tabled in due course.

In my opinion, except for the effects of the matters described in the basis for Qualified Opinion section of my report, the accompanying financial statements give a true and fair view of the financial position of the University as at 31 December 2020, and of its financial performance and its cash flows for the year then ended in accordance with Sri Lanka Public Sector Accounting Standards.

1.2 Basis for Qualified Opinion

- (a) The cost of other assets of Rs. 104,464,552 had been shown under property plant equipment without grouping of assets of a similar nature or function in an entity's operations according to Paragraph 50 of the Sri Lanka Public Sector Accounting Standards 07.
- (b) The useful lifetime of fixed assets had not been reviewed annually in terms of paragraph 65 of the Sri Lanka Public Sector Accounting Standard 07. Property, Plant and Equipment costing Rs. 536,453,179 had been fully depreciated but still being used by the end of the year under review. No action had been taken to rectify the estimated error in accordance with Sri Lanka Public Sector Accounting Standard 03.
- (c) The land around 210 hectares at 11 locations of the University had not been valued and brought to the financial statements.
- (d) The interest income from short term investment amounting to Rs. 18,894,941 had been shown under restricted fund shown under non current liability in the Statement of Financial Position without recognizing as income. As a result, the surplus for the year under review had been understated by Rs. 3,198,334, general reserve and restricted fund had been understated and overstated by Rs. 18,894,941 respectively at the end of the year under review in the financial statements.
- (e) Even though buildings should be depreciated at 5 per cent as per the depreciation policy, the Pathology Laboratory costing of Rs. 3,666,316 had been depreciated at 10 per cent. As a result, the accumulated depreciation had been overstated by Rs.1,283,156 in the financial statements..
- (f) Direct debits in 3 bank accounts aggregating Rs. 4,060, 132 had been shown as unidentified debits in the bank reconciliation without being identified as expenditure in the financial statements.

I conducted my audit in accordance with Sri Lanka Auditing Standards (SLAuSS). My responsibilities, under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

1.3 Other information included in the University's 2020 Annual Report.

The other information comprises the information included in the University's 2020 Annual Report but does not include the financial statements and my auditor's report thereon, which I have obtained prior to the date of this auditor's report. Management is responsible for the other information.

My opinion on the financial statements does not cover the other information and I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated.

If based on the work I have performed on the other information that I have obtained prior to the date of this auditor's report, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

1.4 Responsibilities of Management and those Charged with Governance for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with Sri Lanka Public Sector Accounting Standards, and for such internal control as management determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the University ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intend to liquidate the University or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the University financial reporting process.

As per Section 16(1) of the National Audit Act, No. 19 of 2018, the University is required to maintain proper books and records of all its income, expenditure, assets and liabilities, to enable annual and periodic financial statements to be prepared of the University.

1.5 Auditor's Responsibilities for the Audit of the Financial Statements

My objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Sri Lanka Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Sri Lanka Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the University ability to continue as a going concern. If I conclude that a material

uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the University to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

2. Report on Other Legal and Regulatory Requirements

- 2.1 National Audit Act, No. 19 of 2018 includes specific provisions for following requirements.
- 2.1.1 Except for the effect of the matters described in the basis for opinion paragraph, I have obtained all the information and explanation that required for the audit and as far as appears from my examination, proper accounting records have been kept by the University as per the requirement of section 12 (a) of the National Audit Act, No. 19 of 2018.

However, the academic staff not comply with that.	Partially Admitted. By tradition the academic staff do not record their attendance as in all other Universities. However, all most all departments signed the presence in the attendance book in their respective departments.
	(b) Circular No. 2004/LD/1 dated 22 December 2016 of National Library and Documentation Board.	The annual stock verification on Library books had not been conducted since the commencement of the University.	Admitted. The Library has nearly 98,000 books & periodicals at present. Since the stock verification processes have already been started three years ago, there were many obstacles such as lack of staff members engaged in the verification processes, paucity of support materials and delay in supplying, difficulty in managing without closing the library sections during session times, and the uncertain situations such as lock down in the country, travel restrictions, calling minimum staff at a time during COVID19 pandemic to complete this task. In spite of all these calamities, the library was able to complete the stock verification for one whole section, i.e., Tamil Permanent Reference Section and is nearing completion of another section, 'English Permanent Reference Section'. If the situation returns to normalcy, the rest of the tasks in completing the stock verification for library books will be expedited.

2.3	Other Audit Observations	
	(a) Total bonds value of Rs. 155,332,578 had not been recovered due to the breach of agreements by 71 Lecturers period ranging from 3 to 38 years as at 31 December 2020.	<p>Partly admitted.</p> <p>All the details of 71 bond violators had sent to the Attorney-General's Department on 25.01.2016 to take legal action, The Attorney General's Department by their letter dated 02nd & 03rd of August 2018 informed that action cannot be filed against the principal debtors and their sureties as 06 years and 10 years passed from the date of the breach of contract and they closed the files. The cases within 10 years will be taken on priority basis. Legal action is in progress in consultation with the Attorney General's Department. (d)	Without considering expected objectives of payment of academic allowances to the lecturers, a sum of Rs 10,892,078 had been paid since the year 2004 to June 2021 to the dependent of demised lecturer in 2004 due to the terrorist violence, based on the public administration circular No 21/88 dated 13 July 1988.	Not admitted. According to the public administration circular No.21/88 dated 13-07-1988 as subsequently amended, the dependent of demised employed should be paid the salary and other allowances receivables by him till such time of his age of retirement. According to the above provision we paid the salary and allowances to the dependent of the employed who demised in 2004
(e)	There were 285 approved cadres for academic staff while the actual number of academic staff was 218. Thus, number of vacancies were 67 and out of that, 15 vacancies were belonging to Senior Professor posts.	Not admitted. The University has taken action to advertise the academic posts periodically on many occasions. Limitation in suitable applicants has been a significant issue (particularly faculty of Healthcare Sciences). Moreover, Chair Professor cadres are also vacant as there have been no applications. But we were able to make appointments where suitable candidates were present. We are managing the created vacuum by appointing visiting lecturers.

	<p>The number of vacancies in the non-academic staff were 120. The action had not been taken to fulfil the vacancies.</p>	<p>The Non-academic appointment concern, the followings facts are given;</p> <p>According to the UGC Circular No. 876 dated 06.06.2006, all external recruitments to the minor employee grades (ie: posts carrying salary scales of A-13, A-14 & A-15) and the 14 posts be made from a list of candidates compiled by the Ministry of Education in accordance with qualifications specified in approved Schemes of Recruitment of the University Grants Commission and Department of Management Services.</p> <ul style="list-style-type: none"> • The list of candidates compiled by the Ministry of Higher Education suspended by the Ministers who were appointed that time as the Minister of Higher Education was changed frequently in 2019 by the Government. • Recruitment of the posts in the primary grades and the posts falling into the Commission Circular No. 876 dated 06.06.2006 were temporarily suspended until further notice by the UGC letter No. UGC/HR/2/3/1 dated 02.03.2020. <p>Recruitment of other non-academic posts were suspended by the Election Commissioner letter No. EUSL/R/UGC/199 dated 11.03.2020.</p>
(f)	<p>The inventories in the stores aggregating Rs. 1,336,416 had been idled for over 3 years without utilizing for the intended purposes.</p>	<p>A committee has been appointed by the Registrar to check the relevant immovable items laying idle at the main stores at EUSL and Trinco Campus and to suggest possible solutions to take further actions regarding these items.</p> <p>For maintenance items, a letter was given along with a list of non – moving items to the Works Engineer requesting to take immediate actions for the items in the list. The Work Engineer responded, stating that the Department of Maintenance will use these items whenever a requirement arises.</p> <p>In addition to that, actions will be taken for the non-moving consumable items based on the recommendations of the appointed committee as soon as possible.</p>
